Describe the area that you would like to enhance or design (such as frontyard, backyard, pool area, etc.):

What goals are you trying to accomplish with this design (creating privacy, shade, etc.)?

How many hours of sun per day does the area receive?

Is it primarily morning, afternoon or evening sun?

What direction does the front of the house face (North, East, South, West)?

Does the area have good drainage? Is it usually wet or dry?

Do you have an irrigation system?

What is the soil condition (sandy or clay)?

What are your favorite colors?

Are there any additional features you'd like included (container gardens, hanging baskets, trellises etc.)?

What plants do you love?

What plants do you not love so much?

Is there any other information that will help us design your garden?
